DEPARTMENT OF AEROSPACE ENGINEERING
I I T Kanpur

Helicopter Theory

C.Venkatesan

1. Collect the relevant data of various helicopters and plot thrust coefficient vs weight class.

    i.   Density of air
    ii.   Clear statement about objective
    iii.   Number of helicopters and the classification based weight class
    iv.   Plot of C_T vs all up weight
    v.   Observations
